3. Sweet tooth

Life is a box of chocolate; you'll never know what you'll get. – Forest Gump

For many years, sugar has been existent in poetry, lyrics and even our sentiment. But that's not the

point all this sweetness you can give to our precious love ones. Who would say "no" to the *sweetest confectionery* ever? (I won't!)

4. Slumber with wine

Get comfy in your PJ's. A Sleepover, Pyjama Party or Date is one of the most meaningful events in our lives. Studies say that "*meaningful conversations happen in the middle of night*".

Popcorn and Soda is old school. Try something different like a date on the roof, watch the stars, and tell stories, Q & A and WINE! Hmmm... Yummy! Who says slumber parties are for kid eh?!

5. I'm in LOCK with you

Love lock. It has been famous in Paris and Italy, now, it is all over the world.

The lock signifies that "*no one can tear you apart from me*". It is something UNBREAKABLE. And it's so romantic! *Such a symbol of adoration* for your love one!

6. Put a ring on it

Why choose any other time to propose? (raising my eyebrows). Romantic things happen on Valentine's Day.

THIS IS THE DAY you offer something that will bind your love **forever**. *This time it's for real*. BUT don't fret, if you're not ready yet. It doesn't have to be a wedding if you're not really ready. Get a puppy, perhaps?

7. **Tats true love**

I know having tattoos of names or a portrait of your partner is way beyond sanity. Well? That's not what I have in mind or suggesting.

Maybe make *something symbolic* for your partner or your loved one, like a dog or a flower, a representation of your love like a musical note sign like this; ♪♪. I don't know, but *please be creative on this one!*

8. **Flowers**

Roses are Red, Violets are Blue. Sugar is Sweet, and so are you!

Every flower has a meaning. Have you heard that before? I know this is something common and not so very *surprisingly the most popular choice is Roses*. Well, sometimes, all you have to do to make a difference is to think of a gimmick. Be creative like Bon Jovi has said; *"lay you down in a bed of roses"*. (OUCH! It's very thorny!) Though it might hurt, let's all admit that the thought is really charming!

So what ever colour you give to your partner or loved one, it all boils down to you give with **"LOVE"**.

9. **Cuddle with LOVE**

Apparently, they say that there's no relevant to grown women receiving a stuffed toy compared to kids. The truth is and **IT IS A FACT** that before we go to sleep we look for something soft, like our pillow.

So, giving a cuddly stuffed bear would actually remind your loved one or partner your name, image and scent every time they sleep with the bear you gave them. Though – it sounds like it has a love spell on the cuddly bear. It doesn't. Cuddles just *expresses extreme affection!* This gesture *increases appreciation* to anyone.

10. **Classic never fades**

Do the classic! Take your loved one for a romantic lunch/dinner. Therefore don't forget to *reserve your limo ride and restaurant as soon as NOW!*

Change the atmosphere a little bit to something romantic or find a themed restaurant for something a little different.

A Romantic Dinner is actually a great time to appreciate your significant other. And He or she will appreciate it more if **"your ride is in a luxury limousine!"**

YET, with Valentine's Day it doesn't matter if you're in a relationship or not. What matters is that we celebrate Valentine's Day **WITH** our family, friends or colleagues and the ones we truly love.

Bayside Limousines would like to take this opportunity to play Cupid and impress your partner this Valentine's Day! Book your ride with *Bayside Limousines Cars Buses.*

We will provide you A BOX OF CHOCOLATE BOTTLE OF CHAMPAGNE.

So you feel like a ROYAL COUPLE!!!
